Docket No. BB-142
Serial No. 10/530,240Remarks

This Amendment is being submitted further to the Preliminary Amendment and Election that was submitted to the Patent Office on August 2, 2006 in response to the Restriction Requirement dated June 30, 2006.

The applicants note that SEQ ID NO:1 and SEQ ID NO:2 were inadvertently reversed in the sequence listing. The applicants corrected this defect by correcting the actual sequence listing itself. The applicants further inadvertently amended the Description of the Sequence Listing in the specification at page 27, lines 3-6 unnecessarily. By this Preliminary Amendment, the applicants have further amended the Description of the Sequence Listing in the application to read as it originally read before the Amendment dated August 2, 2006.

The applicants wish to thank Examiner Meah for his thorough review of the amendments and for bringing this discrepancy to the attention of the undersigned.

The Commissioner is hereby authorized to charge any fees under 37 CFR 1.16 or 1.17 as required by this paper to Deposit Account 19-0065.

Respectfully submitted,
